

Evidence-Based Medicine

Contents

April 2019 Volume 24 Issue 2

Editorial

- 43 BMJ Evidence-Based Medicine in 2018

EBM opinion and debate

- 45 **General medicine**
Heat-related chronic kidney disease mortality in the young and old: differing mechanisms, potentially similar solutions?
 OPEN ACCESS

EBM analysis

- 48 **General medicine**
Drug discovery today: no molecules required

EBM Learning

- 53 **General medicine**
Catalogue of bias: publication bias
 EDITOR'S CHOICE

Original EBM Research

- 55 **Emergency care**
Cross-sectional study of loss of life expectancy at different ages related to firearm deaths among black and white Americans
 EDITOR'S CHOICE

Research methods and reporting

- 59 A cross-sectional study to assess Evidence-Based Medicine teaching method: online or face-to-face?

Evidence synthesis

- 63 **General medicine**
Use of modified intention-to-treat analysis in studies of direct oral anticoagulants and risk of selection bias: a systematic review

Journal club

Emergency care

- 70 Treatment of thoracolumbar burst fractures using orthosis versus no orthosis

Commentaries

Maternal and child health

- 72 Meta-analysis suggests that metformin may reduce pre-eclampsia compared with insulin use during pregnancy

Surgery

- 74 Preoperative physiotherapy education prevented postoperative pulmonary complications following open upper abdominal surgery

General medicine

- 76 Erenumab is effective in reducing migraine frequency and improving physical functioning

Primary care

- 77 Light smoking confers up to half the amount of the cardiovascular risk associated with smoking a pack of cigarettes a day

General medicine

- 78 There may be a role for addition of rivaroxaban to aspirin in patients with stable coronary artery disease

Letters

- 80 Lessons learnt on transparency, scientific process and publication ethics. The short story of a long journey to get into the public domain unpublished data, methodological flaws and bias of the Cochrane HPV vaccines review
- 83 Cochrane review on HPV vaccination is not misleading
