

# Evidence-Based Medicine

## Contents

<b>Purpose and Procedure</b> .....	130	Meta-analysis: Dietary protein restriction delays progression in renal disease .....	147
<b>Additional Articles Abstracted in ACP Journal Club</b> .....	131	Acellular pertussis vaccines were safe and effective .....	148
<b>EBM NOTEBOOK</b>		Pyronaridine was effective and well tolerated in African patients with acute, uncomplicated falciparum malaria ...	150
The need for evidence-based obstetrics .....	132	Review: Pregnant women can be offered screening for the Down syndrome .....	151
<b>Letters</b> .....	134	Paclitaxel and cisplatin were superior to cyclophosphamide and cisplatin for advanced ovarian cancer .....	152
<b>Corrections</b> .....	135	Cognitive behavior therapy improved function in the chronic fatigue syndrome .....	153
<b>Readers' Survey</b> .....	136	Cognitive behavioural therapy improved compliance in acutely psychotic inpatients .....	154
<b>THERAPEUTICS</b>		<b>DIAGNOSIS</b>	
Stent implantation reduced repeat angioplasty at 1 year in patients with stable angina .....	137	Electrocardiography was highly sensitive but only moderately specific in detecting chronic heart failure .....	155
Prehospital thrombolytic therapy reduced mortality in acute MI .....	138	Meta-analysis: Many factors affect mortality from community-acquired pneumonia .....	156
Early treatment with lisinopril for 6 weeks reduced mortality at 6 months in acute MI .....	139	Meta-analysis: Pursuing compensation after closed-head injury slows recovery .....	157
Low-molecular-weight heparin at home was as effective as unfractionated heparin in the hospital in proximal DVT ...	140	<b>ECONOMICS</b>	
Review: Cholesterol lowering reduces mortality in high-risk, middle-aged men .....	142	Screening and treatment of diabetic retinopathy was cost-effective .....	158
Meta-analysis: Prophylaxis with anti-ulcer therapy reduces clinically important GI bleeding in critically ill patients ...	143	Event recorders provided better data and were more cost-effective than 48-hour Holter monitoring in detecting arrhythmias .....	159
Meta-analysis: A single daily dose of aminoglycosides is as effective as multiple daily dosing with less nephrotoxicity ..	144	Azithromycin was cost-effective for genital <i>Chlamydia trachomatis</i> infections .....	160
Meta-analysis: A single daily dose of aminoglycosides is as effective as multiple daily dosing in immunocompetent adults .....	145	<b>Glossary</b> .....	Inside back cover
Intensive diabetes therapy did not adversely affect quality of life .....	146
