DuBroff R. The Statin Diabetes Conundrum: Short-term gain, long-term risk, or inconvenient truth? *Evid Based Med* 2015;20:121–123.

In the final paragraph: “Specifically, the Mediterranean diet has consistently been shown to both reduce CHD mortality and reduce the risk of developing type 2 diabetes mellitus.” the words “consistently” and ‘mortality’ should have been omitted. The correct sentence should be: “Specifically, the Mediterranean diet has been shown to both reduce CHD and reduce the risk of developing type 2 diabetes mellitus.”
